Ingress

Solution – UV Sterilization rack

Solution Detail- UV Sterilization for File Rack

Product Description

- This product is specially designed & manufactured to fight against COVID-19
- This design is based on the FDA & NIH recommended research
- An Metallic Chamber attached with an Flip Glass Lid with an good aesthetic look.
- UV Lights Underneath & surrounded by reflective sheets with an Diamond shaped Aluminium Mesh
- Depending upon the wavelength of UV radiation, It is of 3 types UVA, UVB & UVC. Having the shorter Wavelength of 254nm, UVC has the highest Penetrating & Disinfectant Capacity
- In Our product, We Induce the UVC over the disinfection chamber
- By having the reflective sheets, the UVC will disinfectant the entire cabinet
- 40 seconds will be the time duration for the disinfection , automatically turned off after 40 seconds
- This UV radiation is generated to sterilize the products kept inside the cabinet, destroying all germs & viruses effectively

Solution – UV Sterilization rack

Technical Specifications:

- Size: (LxBxH)(20x24x36) Inches
- Inner Volume: 100 Litres
- Lamp Type: UV-C - 90 Watts
- UV-C Wavelength: 254nm – 275nm
- Lamp Life: 10000 hours
- Sterilizing time: 40 Seconds
- Control Circuit: Digital Timer with Embedded Control
- Outer Body: MS CR – EPOXY Powder Coated
- Glass: Polycarbonate with UV filter
- Mesh: 75% Transparency Aluminum Mesh
- Inbuilt air blowing fan
- Reflector sheet: Nickel chromium
- Power Consumption: 120 Watts
- Power Input: 230V, AC

Features:

- Effective sterilizing by 360-degree radiation
- 99.99% destroys all the germs & viruses
- Glass: Unbreakable
- Colour: Light Blue, VIP Blue, Half White, Grey & Black
- Paint: Powder Coated
- Warranty: 1 year

Packing:

- Carton packing
- Size : (LxBxH)(23x27x40) Inches

Solution – UV Sterilization rack

What are the items can be sterilized using this?

- Wallet, Wrist Watches etc.
- All PPEs, Masks
- Mobile phones (after removing battery)
- Money & Jewels
- Food packages

What are the items not to use in this?

- Medicines
- Any Wet Items
- Battery

Applications:

- Offices
- Clinics & Hospitals
- Homes
- Jewellery Shops
- Industries
- Schools & Colleges
- All Commercial areas
